812 BRUSH CHIPPER

The **Eger Beaver 812 Brush Chipper** is the only chipper in its class to feature both a wide infeed chute and a large diameter chipping disc. The combination offers operators ease of material feeding with less trim and saw labor required to process material and greater chipping efficiency to power through material to complete jobs faster. Featuring a direct drive chipping disc, simply start the machine, throttle to full RPM, and engage the feed control bar. Additionally, the folding infeed tray quickly stows away, locking into position to provide ease of transport.

Perfect for rental yards, landscapers, golf courses, orchards, pruning crews, and more, the Eger Beaver 812 chipper is easy to use, transport, operate, and maintain.

FEATURES AND BENEFITS

- Reliable Vanguard EFI engine provides quick and easy start-up with no choke and greater fuel efficiency.
- Direct drive with belt power transfer eliminates clutch and over-center belt components, reducing complexity and easing maintenance burdens.
- Large diameter chipping disc provides increased inertia to power through material with less horsepower.
- Single (top) feed wheel compression system with spring-assisted down pressure provides ample material crushing power.
- Large infeed throat opening allows for ease of material feeding, resulting in less trim labor
- Folding infeed tray easily stows away and locks in place, providing a more compact tow package.

812 BRUSH CHIPPER SPECIFICATIONS

Specifications may vary with equipment options

Updated 10/12/20

GENERAL	US	METRIC
Height	7'7"	2.3 m
Width	5'3"	1.6 m
Length (transport)	12'4"	3.76 m
Length (operating)	14'8"	4.47 m
Gross weight (approximate)	2,500 lb	1,134 kg
Suspension	2,500 lb Torsion	1,134 kg Torsion
Infeed opening	33.5" x 24.5"	85.1 x 62.2 cm
Throat opening (height x width)	8" x 12"	20.3 x 30.5 cm
Feed wheel (width x diameter)	11.5" x 9"	9.2 x 22.9 cm
Disc (thickness x diameter)	1.25" x 28"	3.2 x 71.1 cm
Engine	Vanguard EFI Gasoline Engine	
Horsepower	37 HP	27.6 kW
Fuel capacity	10 gallons	37.8 L
Hydraulic capacity	10 gallons	37.8 L
Frame	2" x 4" Tube Steel	5.1 x 10.2 cm Tube Steel
Tires	(2) 185/75R14 – 8-ply	
Hitch	2" Ball	5.1 cm Ball

EQUIPMENT HIGHLIGHTS

- Vanguard 37-HP (27.6 kW) EFI gasoline engine
- Direct drive with belt power transfer
- Two (2) Dual-edged chipper knives
- Four (4) full length, bolt-on chip throwing paddles
- Four (4) position feed control bar with dual safety pull cables located within the infeed
- Standard fuel tank sight gauge, drain plug, and shut-off valve
- Standard hydraulic tank clean-out cover, shut-off valve and magnetic drain plug
- Interstate 8D, 1400 CCA battery

OPTIONS INCLUDE

- Variable speed flow control
- Bottom Bump Bar
- 2,500-lb Torsion (1,134-kg) electric braking axle
- Pusher Paddle with mount
