

MORBARK®

BVR10

BRUSH
CHIPPER

MADE FOR **MORE** TO KEEP PACE WITH **YOU!**

With its power and easily transportable design, the compact and economical **BVR10 Brush Chipper** is everything you need and nothing that you don't. The ideal machine for utility line clearing, residential tree care, rental yards, and municipalities.

Remove the anxiety of engaging the chipper drum, damaged drive belts, and burned clutch discs and elevate your operating experience with the exclusive Morbark ZeroClutch.™ Simply start, throttle the machine to full RPM's and engage the feed control bar. The Morbark ZeroClutch features an integrated drum speed sensor that monitors the drum speed and will not allow the clutch to engage if material is lodged between the feed wheel and drum.

FEATURES AND BENEFITS

- Infeed-mounted control panel for increased jobsite efficiency.
- Modular design makes maintenance and repairs fast and easy.
- Morbark ZeroClutch™ monitors the drum speed and will not allow the clutch to engage if material is lodged between the feed wheel and drum.
- Reverse pivot assembly gives mechanical advantage for increased down pressure.
- Side load anvil for quick adjustment and flipping of the anvil.
